## Final Guidelines

- Create one or two scenarios
  - Test drive “smart growth” concepts
  - Tell us whether you liked the ride
- Think long-term
- We’re creating concepts today
  - OK to consider changes to existing use
  - This is NOT a substitute to County planning process (including involvement, hearings, etc.)

## **Final Guidelines (cont.)**

- Give us your opinions ... but respect the opinions of others
- SACOG staff will guide discussion, run computers ... not technical specialists
- Technical resources available in room
- Have fun!
