

North Highlands Neighborhood Workshop

Blueprint Project

- Regional land use-transportation options for next 50 years
- Neighborhood workshops provide “reality check”— we want your opinions!
- Results will influence county-wide options (public workshops this summer)
- Results will also influence regional options
 - Regional conference: April, 2004
 - Regional workshops (winter, '03 – '04)
 - Electronic town hall

Relationship of Blueprint to Other Planning Efforts

- North Highlands Community and Economic Strategy
 - How should infill development be addressed in this strategy?
 - Infill development concepts and opportunities?
 - Should the County initiate efforts to support infill development?
 - Strategy to be presented to Board of Supervisors in November 3.

What You will do Today

- Create one or two planning options
 - test drive “smart growth” concepts, tell us what you like and don’t like
- Use maps, menus, stickers and computer software
- Four planning areas
 - Watt Avenue
- Provide input to on-going County planning efforts in North Highlands.

How would the region change if the
Base Case Future became reality?
