TRANSPORTATION LAND USE STUDY

Blueprint Project

- Regional land use-transportation options for next 50 years
- Neighborhood workshops provide “reality check”— we want your opinions!
- Results will influence county-wide options (public workshops late summer/fall)
- Results will also influence regional options
 - Region workshops (winter, '03 – '04)
 - Electronic town hall

What You will do Tonight

- Create one or two planning options
 - test drive “smart growth” concepts
 - tell us what you like and don't like
- Use maps, menus, stickers and computer software

“Big Picture” planning issues

- No one likes the Base Case Future
- Blueprint is looking for an alternative future
- Blueprint WILL look at reasonable total growth in Yolo County/Woodland vs. other parts of region
- Providing sufficient housing critical
- Building housing with compact form best single change to growth pattern to protect resource lands
