Dear Mr. Chew:

The Esparto Citizens' Advisory Committee (ECAC) has been involved in the planning and development of the town and community of Esparto for many years. Of special interest has been the revitalization of the downtown area.

I understand Yolo County, in conjunction with Capay Valley Vision, has applied for funding of a planning project by the SACOG Community Design Fund grant program. This project would facilitate the start-up of businesses in the downtown area that would best serve the community, utilize downtown Esparto's historic structures, and emphasize the town's agricultural character.

Because of the population growth and the long time that the downtown area has been dormant, we are eager to offer our support - through this letter, and through future collaboration with those in charge of the planning project.

Thank you for your consideration.

Sincerely,

Giacomo Moris
ECAC Chair
